TOOLS & PAGES

What it does

- › **Monitoring** — school monitoring, classroom observation, teacher performance and quality benchmarks against a common standard.
- › **Evaluation** — manage studies and consultancies end-to-end, with quality scoring and a procurement workflow.
- › **Accountability** — public and beneficiary feedback with automatic safeguarding escalation.
- › **Learning** — dashboards, an executive scorecard, and evidence-based insights.

Reporting

- › Generate factsheets, policy briefs and slide decks in minutes.
- › Full periodic reports: daily SitRep, weekly, monthly, quarterly, term, semi-annual and annual.
- › Export to PDF, Word and PowerPoint, pulling live system data.

Built on real data

- › Three Education Statistics Yearbooks (2022, 2024, 2025) integrated.
- › National and per-state dashboards with year-on-year trends.
- › Downloadable reports for the public via an open portal.

Secure & governed

- › Role-based access across six levels, from school to super-admin.
- › Every action audit-logged.
- › Public portal open to all; staff functions protected by login.

For whom

- › Schools & monitors — data entry from the ground.
- › Districts & states — validation and oversight.
- › National & senior management — reporting and decisions.
- › The public — transparency and a voice.
